Subject: Sustainability Appraisal – Council and Commercial Estates Group to meet to review SA comments on rejection of eastern sites

Dear Sean

Sustainability Appraisal – Council and Commercial Estates Group to meet to review SA comments on rejection of eastern sites.

Council response = AY for the Council and SW for Commercial Estates Group met on 23 October 2013 p.m. after the hearing session. AY referenced SW to the Sustainability Appraisal Report (H4), section iii – Appraisal of alternatives, page 125 which set out the reasons for not taking forward options in the settlements identified in the spatial strategy and specifically the Stafford Eastern Direction of Growth: Locations SF-3, SF-5, SF-6, SF-d. SW noted the age reference.

Kind regards

Alex
