Subject: Observation and comment regarding newly uploaded library document p2-N15

Dear Mr Roberts,

I note the document P2-N15, a response from Sport England to SBC regarding the planning application ref: 16/24242/FUL, Westbridge Park, contains an **inconsistency** regarding the number of private courts available at Stone Lawn Tennis & Squash Club.

The Sport and Recreation Assessment Update (June 2013) referred to in the first part of Sport England's letter states there are 9 courts on which their calculations and conclusions are based, whilst the Lawn Tennis Association states there are only 6 courts. I enclose a Google Earth screen dump indicating that there are only 6 courts; suggesting the Sport England calculations and assessment are in error and the conclusion probably worse than stated their letter.

I would be grateful if you could bring this to the attention of the Hearing's participants.

Regards
Andy Osgathorpe
