

Stafford Borough Council

Statement of Five Year Housing Land Supply (at 31 March 2025)

Introduction

This five year housing land supply statement sets out Stafford Borough Council's residential land supply position as at 31 March 2025, and considers the likelihood of that supply constituting a five year supply of housing land.

The National Planning Policy Framework (NPPF) 2024 states that local planning authorities should identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years' worth of housing against their housing requirement set out in adopted strategic policies, or against their local housing need where the strategic policies are more than five years old. This document addresses the following key questions:

- What is the five-year housing land requirement?
- How much deliverable housing land is there in Stafford Borough?
- How many years of housing land supply exist?

Five Year Requirement

Housing Requirement

The introduction of the NPPF in 2012 resulted in a greater emphasis being placed on Local Planning Authorities to determine their own housing requirements. An extensive amount of work was undertaken through the process of preparing the Plan for Stafford Borough 2011-2031 in order to establish the objectively assessed housing need.

The Plan for Stafford Borough (Part 1) was adopted on 19 June 2014. It sets out a requirement for 500 dwellings per annum, to be delivered over the Plan period; this reflects the objectively assessed need.

The way in which housing need is calculated has been amended in the revised NPPF. The NPPF of December 2024 expresses the need to undertake a local housing needs assessment using the standard methodology to inform policy making. Following the release of the most recent affordability ratios in March 2025, together with the latest NPPF requirements, this figure is now 749 dpa.

Paragraph 78 of the NPPF states that Local Planning Authorities should identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years' worth of housing against their housing requirement, or if a Plan is more than 5 years old the local housing need figure should be used in the 5 year land supply calculation.

The strategic policies of the plan were more than 5 years old on 19 June 2019. Therefore, the housing requirement for the purposes of the 5 year land supply statement defaults to the local housing need figure.

Furthermore paragraph 78 of the revised NPPF reintroduced the requirement to include a 'buffer' to the five-year housing supply on specific deliverable sites to ensure choice and competition in the market for land. Paragraph 79 of the revised NPPF set out requirements if housing delivery falls below certain percentages, through the Housing Delivery Test (HDT). The Government publishes the HDT results annually in December. The most recent HDT results were published in December 2024 and indicate that Stafford Borough Council passed the test with a 159% result. Therefore, the policy consequences related to paragraph 79 do not currently apply.

The table below sets out the total completions for the past 14 years, covering the adopted Plan period.

Monitoring Year	Completions	Target	Shortfall
2011/12	425	500	75
2012/13	306	500	194
2013/14	411	500	89
C2 completions 2011 - 2014	69	n/a	- 69
2014/15	428	500	72
2015/16	688	500	-188
2016/17	1010	500	-510
2017/18	863	500	-363
2018/19	699	500	-199
2019/20	752	500	-252

Monitoring Year	Completions	Target	Shortfall
2020/21	614	500	-114
2021/22	506	500	-6
2022/23	631	500	-131
2023/24	423	500	77
2024/25	612	500	-113
Total	8,437	7,000	-1,437

Where a negative number is shown this means there has been an over-provision above the target of 500 dpa.

Between the years 2011 - 2014 the Council did not count C2 residential accommodation as contributing towards the 5 year land supply. There were 69 previously uncounted C2 completions between 2011 and 2014, so accordingly the shortfall should be reduced by 69. Appendix 1 sets out the C2 dwelling completions data between 2011 and 2014.

From the 2014 / 2015 monitoring year onwards both C2 and C3 completions have been included in the completions total.

The 2024 / 2025 completions are included in Appendix 2.

Shortfall

The Plan for Stafford Borough, and the associated evidence base, identifies the objectively assessed housing need across the Borough. As stated in the National Planning Practice Guidance (PPG), section on Housing Supply and Delivery, paragraph 22 “The level of deficit or shortfall will need to be calculated from the base date of the adopted plan and should be added to the plan requirements for the next 5 year period (the Sedgefield approach)”.

Since the start of the Plan period there has been over-provision against the Plan target of 1,437 dwellings. Therefore, there is no need to allow for a shortfall in the calculations, nor to consider how any shortfall should be addressed.

Requirement per annum	500
Requirement 1 April 2011 - 31 March 2025	7,000
Net Completions 1 April 2011 - 31 March 2025	8,437
Shortfall 1 April 2011 - 31 March 2025	-1,437 (i.e. over provision)

Housing Land Requirements

The Local Housing Need (LHN) annual requirement	749 dpa
Additional 5% Buffer	37 dpa
Housing Target 2025 – 2030 (749 dpa)	3,745
Housing Target 2025 – 2030 (with 5% buffer applied)	3,930
Total Housing Requirement 1 April 2025 - 31 March 2030	3,930
Annualised Housing Requirement 2025 - 2030	786

Housing Land Supply

Sites with Planning Permission

The NPPF requires that there should be a 'supply of specific deliverable sites'. The definition of 'Deliverable' can be found on page 72 within the NPPF Glossary.

'To be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on the site within five years. In particular:

- a. sites which do not involve major development and have planning permission, and all sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years (for example because they are no longer viable, there is no longer a demand for the type of units or sites have long term phasing plans).*
- b. where a site has outline planning permission for major development, has been allocated in a development plan, has a grant of permission in principle, or is identified on a brownfield register, it should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years.'*

Essentially all sites with detailed planning permission and all small sites with planning permission are considered deliverable. For major sites with outline planning permission, permission in principle, allocated in a development plan or identified on a brownfield register then clear evidence on deliverability will need to be provided.

Small sites with Planning Permission (Appendix 3) - These are sites where there are less than 10 dwellings, which the Council considers to be deliverable in the next five years as they have the benefit of residential consent granted in the last 3 years or development has commenced.

There are a number of small sites with a valid permission that were granted prior to March 2020. The Council considers that small sites which have either been under-construction or have not started for over 5 years are not a reliable source of supply, so they have been removed from the calculation. A 10% "lapse rate" has been applied to smaller sites to reflect the likelihood that some of the sites will not come forward during the five year period.

Therefore, the committed figure of 267 units from small sites is reduced by 27 units, to give a revised total of 240 committed units.

Large sites with Planning Permission (Appendix 4) - These are sites of 10 or more dwellings, which the Council considers to be deliverable in the next five years as they have the benefit of residential planning consent. To assess the deliverability of these larger sites, the Council has contacted the relevant developers to determine the progress of each site and when it is likely to be delivered. A statement of common ground has been signed between the Council and the developer where delivery has been confirmed. Where confirmation of delivery has not been received a 10% discount has been applied.

Following these discussions, the committed figure from large sites is 628 units.

Sites with Planning Permission for C2 residential accommodation (Appendix 5) - the PPG makes it clear that certain types of C2 residential accommodation can be counted towards the housing requirement.

The Council considers it prudent to differentiate between the different types of accommodation classed as C2. Where all the facilities for each unit (dwelling) are behind a separate door, i.e. self-contained units, these units will be counted in full towards the supply. However, where a development is a “bedroomed” development, such as a care home, the number of bedrooms provided cannot simply be used as a proxy for the number of dwellings that will be released to the market, thus contributing to a net increase in supply. In accordance with the PPG (paragraph 43) the Council has applied a ratio of 1.8 adults per household to each C2 bedroomed establishment, meaning that for each 1.8 bedrooms in a care home 1 dwelling is released into the market.

The committed figure from self-contained units is 73. The committed figure from bedroomed developments of 328 units is divided by 1.8 to give a revised total of 182 committed units. Therefore, the total committed figure from C2 uses is 255 units.

Allocated sites

It is considered that the Strategic Development Locations (SDLs) identified in the adopted Plan for Stafford Borough are deliverable. The Inspector’s Report concluded in paragraphs 85 and 100 that the development strategy, including the SDLs, was appropriate, effective, deliverable, sustainable, justified and soundly based. The Council has regular contact with the developers of these sites and is confident in their deliverability.

The SDL allocations will deliver 1,524 houses in the next five year period (Appendix 6).

Comparing Requirements with Supply - Five Year Supply Summary

The calculations of residential requirement and land supply, as set out below, show how the Borough will meet its objectively assessed need, as required by the National Planning Policy Framework.

The information in this report shows that the Council has a total supply of 3.37 year's deliverable housing land available.

Annualised housing requirement

Total annual housing requirement for 2025 - 2030 per year is 786 dwellings

Total five year supply breakdown

Small Sites with Planning Permission	240 dwellings
Large Sites with Planning Permission	628 dwellings
Sites with Planning Permission for C2 residential accommodation	255 dwellings
Strategic Development Locations	1,524 dwellings
Total Deliverable sites (2025-2030)	2,647 dwellings

Total Five Year Supply = 3.37 years

To calculate the five year supply, the total deliverable sites figure for the next 5 years is divided by the total annual housing requirement for the same period.

2,647 (deliverable sites) is divided by 786 (annual housing requirement) which gives 3.37 years of supply.

Appendix 1 - Use Class C2 Completions 2011 - 2014

Address	Settlement Planning	Application Number	Proposal	Date Decision Issued	Bedroomed Development Completions (net gain)	Self Contained Unit Completions (net gain)
Burley Heights	Seighford	13/18902/COU	Change of use of existing residential dwelling to Class C2 Use - Residential Institution with associated car and cycle parking, boundary treatments, refuse point and provision of a secure therapeutic garden	09/08/2013	5	0
Land At No. 25 Hilderstone Road	Meir Heath	11/15248/FUL	Demolition of bungalow and construction of a Mini Extra Care Scheme comprising 7 No one bedroom flats, staff accommodation and communal facilities, with associated car parking.	13/10/2011	0	6
Heyfields House	Tittensor	12/16561/OUT	Proposed specialist continuing care nursing home	22/02/2012	11	0
Land South Of Cooperative Street	Stafford	12/17900/FUL	Demolition of buildings; replacement with Health and Well Being Centre, Extracare, Community Hub, Energy Centre and Dementia Care buildings with public space; new dwellings including supported housing.	04/02/2013	59	0
Land At 22 The Crescent, Doxey	Stafford	12/17703/FUL	Demolition of existing building and construction of a mini extra care scheme comprising of 8 no. one bedroom flats with independent supported living for people with learning disabilities, staff accommodation and communal facilities with associated parking	20/02/2013	0	7
				Totals	75	13
				25% discount	56	

Appendix 2 - 2024/25 Completions information

Completion Type	Net Completions
Market and affordable permissions	173
SDL	431
C2 permissions (ratio of 1:8 applied to bedroom developments)	8
Total	612

The total number of completions for the monitoring year 2024/25 is 612. A full breakdown of the completions is provided in the housing land monitor - Land for New Homes.

Appendix 3 - Small Sites with Planning Permission (less than 10 dwellings)
