## Statement of Five-Year Housing Land Supply

### Gypsy and Traveller Accommodation Needs Assessment (GTAA) - Position Statement (at 1 May 2026)

#### 1. Introduction

- 1.1 This position statement sets out the Gypsy and Traveller Accommodation Needs Assessment five-year housing land supply calculation for Stafford Borough Council following the revised National Planning Policy Framework (NPPF) publication on 12 December 2024. The information uses gypsy pitch / plot supply and completion data as at 1 May 2026 in accordance with the adopted Plan for Stafford Borough 2011 - 2031 and the hyperlink provided of the Stafford Borough Gypsy, Traveller and Travelling Showpeople Accommodation Assessment 2022 (GTAA) in line with the NPPF.  
[www.staffordbc.gov.uk/gypsy-and-traveller-accommodation-assessment-final-report](http://www.staffordbc.gov.uk/gypsy-and-traveller-accommodation-assessment-final-report)
- 1.2 Planning Policy for Traveller Sites (PPTS) 2024 provided with a hyperlink sets out the Government's planning policy for Traveller sites.  
[www.gov.uk/government/publications/planning-policy-for-traveller-sites/planning-policy-for-traveller-sites](http://www.gov.uk/government/publications/planning-policy-for-traveller-sites/planning-policy-for-traveller-sites)  
  
It should be read in conjunction with the National Planning Policy Framework (NPPF).
- 1.3 Paragraph 10 of PPTS states that local planning authorities (LPAs) should identify and update annually a supply of specific deliverable sites sufficient to provide five years' worth of sites against their locally set targets. PPTS defines 'Gypsies and Travellers' for planning purposes (PPTS, Annex 1: Glossary).
- 1.4 This statement sets out the five-year supply position for Stafford Borough for Gypsy, Traveller and Travelling Showpeople at 1 May 2026 (detailed in Table 1). It will help inform the determination of planning applications where Gypsy, Traveller and Travelling Showpeople supply for pitches and/or plots is identified as a planning consideration.

## **2. Details**

- 2.1 Current and future need for Gypsy, Traveller and Travelling Showpeople accommodation in Stafford Borough was completed in early 2022 and is set out in the Stafford Borough Gypsy, Traveller and Travelling Showpeople Accommodation Assessment 2022 (GTAA). [www.staffordbc.gov.uk/gypsy-and-traveller-accommodation-assessment-final-report](http://www.staffordbc.gov.uk/gypsy-and-traveller-accommodation-assessment-final-report)
- 2.2 The GTAA includes a list of sites and yards that were considered in the assessment (Table 4.5 of the GTAA) as at February 2022. Not all provision that is made is directly relating to those sites identified on the list. New private pitches gaining planning permission can be occupied only by those meeting the conditions of the planning permission. Permission may be conditioned for occupation by a particular person/family only.
- 2.3 The need has been assessed over a short-term period: 2021/22 to 2025/26 and a longer-term period: 2026/27 to 2039/40. In summary over the plan period 2021/22 to 2039/40 there is an overall need for 48 additional pitches (of which 22 PPTS and 26 non-PPTS need). Over the five year period 2021/22 to 2025/26 there is an overall need for 23 additional pitches (11 PPTS need and 12 non-PPTS need). There is currently no Travelling Showperson's provision in Stafford Borough and no requirement.
- 2.4 For the purposes of this calculation, a site is considered completed when it is occupied, or when development works are completed to such a standard that the site is considered habitable (with or without the presence of mobile homes) or is for sale ready for occupation. Land for sale with planning permission, without development works having progressed to a habitable state, is not considered completed. Completions information is informed by visual site assessments where possible, contact with the planning agent / owner where possible and planning status (for example, a retrospective application where the site is already occupied, or a temporary permission is made permanent).
- 2.5 The Position Statement as at 31 March 2026 has been updated to reflect the Inspector's Report and decision dated 1 May 2026 related to the planning consent 24/39049/FUL. As a result, the figures from Table 1 and 2 have been updated.

## **3. Conclusion**

- 3.1 As at 1 May 2026, there is 4.2 years supply of deliverable land for Gypsy and Traveller pitches ( $11 / 2.62 = 4.2$ ). There is a shortfall of 2.1 pitches over the next 5 years.

\*The remaining capacity of 14 pitches have been excluded in this document from Table 1 because in the GTAA 2022 the vacant 17 pitches from St Albans Road are already counted in the supply figure from Table 4.5.

## GTAA Statement of Five-Year Housing Land Supply at 1 May 2026

\*\*Three pitches ( $17 - 14 = 3$ ) are excluded from the completions to avoid double counting the remaining vacant pitches from St Albans Road in the GTAA 2022. An additional 12 completions occurred prior to the 1 April 2021. As a result, 7 gross completions ( $22 - 3 - 12 = 7$ ) from St Albans Road are counted towards Table 1, section C.
