Scoping and Participation
Consultation - 2026

What would you like this borough to be like in the future?

What would you change in your local area to make it a better place to live?

What do you think we should change and how?

We are at the early stages of creating a new Local Plan, and it's very important to us that you are part of the process from the beginning.

This is your opportunity to help make sure we're going in the right direction.

We would like to know your thoughts on our eight key themes.

1. Addressing climate emergency

2. Design, healthy lifestyles and safe communities

3. Nature recovery and biodiversity

4. Protecting landscapes, townscapes and heritage

5. Transport and connectivity

6. Right infrastructure in the right places

7. Meeting our housing needs and delivering the right types of housing

8. Securing economic prosperity
