The 4 luxury Cat Lodges are beautiful, contemporary structures that are unique and ideal to complement the existing 5 star licensed cattery and boarding kennels with this dynamic new approach to this sought-after industry.

Jacqueline Montegrino - owner of Quintessential said:

*"I am a proud member of the UK Alliance of Catteries and Kennels who are assisting businesses like mine to expand in my industry to satisfy unprecedented demand.*

*The increase of dog and cat ownership throughout the pandemic averaged at 35% - 40%; the closure of catteries and kennels UK wide averages at 35% - 40% hence the demand for my industry is at an all time high."*

*The innovative Cat Lodge demonstrates sustainable practices by basing Cat Lodges on galvanised ground screws ensuring there is the least impact possible to the ground, environment and wildlife. The insulated roofing and flooring cut down energy costs and usage. The 28ml double glazing retains heat and cools keeping a regulated temperature. Internally there is low energy air conditioning units maintaining optimum temperature within the Cat Lodges offering the best form of heating and cooling for the cats while keeping it effective and energy efficient.*

Jacqueline went on to say:

*"My project addresses the drastic loss of licensed animal boarding establishments in every borough due to excessive closures of both feline and canine boarding. The 4 Cat Lodges extend my accommodation while being very gentle to the environment, less costly and Eco meaning the heating costs are far less. The Cat Lodges provide ample enrichment for the cat's boarding experience and each lodge can accommodate up to 4 cats from the same household. The Cat Lodges benefit from a sizable external patio, panoramic views and Cat TV."*
